

The USA Wrestling Fall Coaches Clinic

Olympic Training Center, Colorado Springs, CO
October 16 – 19, 2014

The USA Wrestling Fall Coaches Clinic is a select group of 45 coaches selected by state USA Wrestling organizations. Participants are provided room and board at the OTC for \$150. There is an optional coach's packet that includes a USA Wrestling shirt and complete clinic video set for an additional \$75.

Each individual (or state) is responsible for all transportation expenses. Additional coaches (beyond the 45 OTC residents) wishing to attend may do so at their own expense (transportation, meals and housing).

This is an opportunity to work first hand with the USA Wrestling National Staff and with the staff specialists from the US Olympic Training Center.

The clinic is designed to share the most current training concepts with USA Wrestling's member coaches. It is an excellent opportunity for coaches to live the technical and tactical training used to develop our elite World and Olympic level athletes. This clinic offers credit toward either a Bronze Certification (with a test score of 80% or better) or Silver Coaches College attendance for coaches who qualify.

Do you wish to purchase the additional shirt and video packet? Yes _____ No _____

Shirt Size _____
