## WHY

Kentucky isn't a large state, but our top kids can wrestle with anyone else's. We need our best wrestlers on the team to represent our state, no matter which town, school, or club you come from! By competing for Team Kentucky you will represent our state against the best wrestlers from around the country at the most prestigious Olympic style events our nation has to offer.

## HOW

Attend one of two Team Kentucky Selection Clinics at Bellarmine University, as well as the Freestyle & Greco Roman State Tournament to be eligible. Any wrestler unable to meet these requirements must contact the National Teams Director prior to the state tournament to be considered for the team.
